CYCLOCROSS GAMES OCT 23

On Oct 23rd we won't have traditional racing. We will have a special one of day of fun cyclocross games. There will be mini races, head to head races, skills competitions, team events, and more. FUN!!

GOALS OF THE PCC CX SERIES:

Cyclocross is a cycling sport requiring technical bicycle handling skills and hard short efforts of speed. It's not a endurance sport of long efforts or relies on fitness alone. It is head to head racing on a tight and twisty course on many mixed and challenging surfaces. Features are added to the course to make it more exciting and more challenging often requiring you to get off you bike and run.

Our goals of the series are the following

1. To create and fun and welcoming experience in a competitive event.
2. To developed youth racers and foster growth.
3. To introduce new racers to the awesome sport of cyclocross.
4. To provide and competitive racing experience for the most amount of riders.
5. To provide a environment for riders to develop technical skills and speed that is needed for cyclocross racing.
6. Competition but in a light hearted and very fun way.
7. To have a safe and respectful environment for everyone with no tolerance for rude on non-respectful behavior.

CATEGORIES:

Start 2 – Aimed for youth and recreational riders. Riders who are less experienced and or is best suited to 30 min of racing.

Start 1 – Riders strong enough and fast enough to keep pace for 40 min of racing. This category is for the slower 40% of the entire group of 40 min racers.

Start 3 – Riders strong enough and fast enough to keep pace for 40 min of racing. This category is for the faster 60% of the entire group of 40 min racers.

YOUTH CATEGORY – There are no age specific categories. All categories are skill specific only.

Suggested 10 to 16 year old’s race in the Start 2, 30 min race unless they are skilled, experienced, responsible, and fast enough to race with the adults in the 40 min races.

Kids under 10 as of Dec 31 do need permission from the cyclocross committee to race in any race other than the 11pm races. Use your best judgement or talk to the cyclocross committee for advice. fauldsjeff@gmail.com

WOMENS CATEGORY – There are no gender specific categories. All categories are skill specific only. We will recognize the fastest 3 women of the day regardless of category or start time for a podium though.

*****NEW*** QUALIFIER EVENT - RACE #1**

With the goal of more balanced racing and giving every rider more people to compete against we will qualify everyone for the 2 40 min race categories (start 1 and Start 3).

At the first race we will race Start 1 and Start 3 together as 1 large group starting at 10am for this one race only. At the end of the race we will split all racers into 2 groups. This will give us a fair and equal balance of racers into each Race or 9am and 10am. The split will be the fastest 60% in the 10am start or Start 3. The slower 40% will race at 9am for the rest of the season or Start 1. Along with the 30min racers this will give us a close balance of racers in both start times.

Racers who miss the first race are to start in the 9am Start 1 race and why attending Race #1 is important. Racers with previous race experience and results may request another option to the cross committee.

Any racer who ends up clearly outside of their appropriate group may be moved for the following race. The cross committee will decide on this as a group and notify you.

Racers who had a mechanical or abnormal result may let the cross committee know and a single result can be over looked or placement adjusted if it is incorrect. The goal is to get the most people in the correct place and we know things don't always work out.

SERIES POINTS STRUCTURE:

The series consist of 8 events. The overall series winner will be the best 6 results of 8 race points totaled together. We encourage that you attend more than 6 races so you have more chances at your best 6 finishes. Series points will be awarded as follows

KID'S RACE: 11:00AM start (Children aged 3 -10)

The kid's race will be held on a modified version of the adult's course. Each child must have a PCC membership. Each child will get a number plate and timing chip when they sign up for the season.

EVENT RULES:

Cones and tape

We use cones or caution tape to close off and mark the course. This tape is affixed to trees, stakes and strung across pathways or along pathways to show riders where to go, or where not to go. Cones or tape can show participants where not to go, or it can be used to outline the outside (or inside) of a corner, or to keep riders out of a certain area. Please stay within the intended and marked course during the race and during practice. Failure to do so can result in disqualification.

Runway

We often share park space where there is a game playing field (baseball, soccer, football, etc.), but at Elmhirst we are adjacent to an airfield with an active runway. Please do not, at any time, ride your bike on the runway. We have permission to use this property on the condition that we adhere to safe, responsible use of the land. If this is not respected, we may lose permission to hold events there.

Numbers

Each rider will receive a number (and timing chip) when they sign up. These are yours for the entire series. The number does not reflect your standing in the series, but might correspond to your start order. TBD.

The number is to be pinned on your **Shoulder towards the front so it can be seen for timing purposes.

**Shoulder – Numbers are pinned on either the left or right side depending on the course and timing tent location. Please refer to the lead timer for day-of-race instructions.

The timing chip will be affixed to the Fork leg of your bike on the same side as the bib number.

Start / Finish Area

The Start/Finish line will be clearly marked, but the course direction can change from week to week. Take note of these changes on the day-of-race.

Feed Zones and Technical Assistance

There is no feeding or using water bottles during cross races unless the temp is above 20 degrees. You may have spare wheels, bikes or other tech assistance but can only be had in the tech zone. Our tech zone will be near the start/finish line.

Pulling Riders

Riders will not be pulled unless they have broken a rule and are being disqualified.

Pre-Rides

Pre-riding is permitted as soon as the course is open for riding. This is usually at about 8:30am, but this is not a set time. If you arrive before the set up is complete, please lend a hand in completing the course set up to allow it to be open sooner.

Bad Weather

This is cross so we ride rain or shine or snow etc. If there is severe weather that poses a danger to the riders the race may be cancelled. We will notify you as soon as possible if this is the case.

Bike

A proper cyclocross bike is recommended but this is a “for everyone” event so ride what you have. Any bicycle that is in proper working order, has working brakes, and is safe, is welcomed for use.

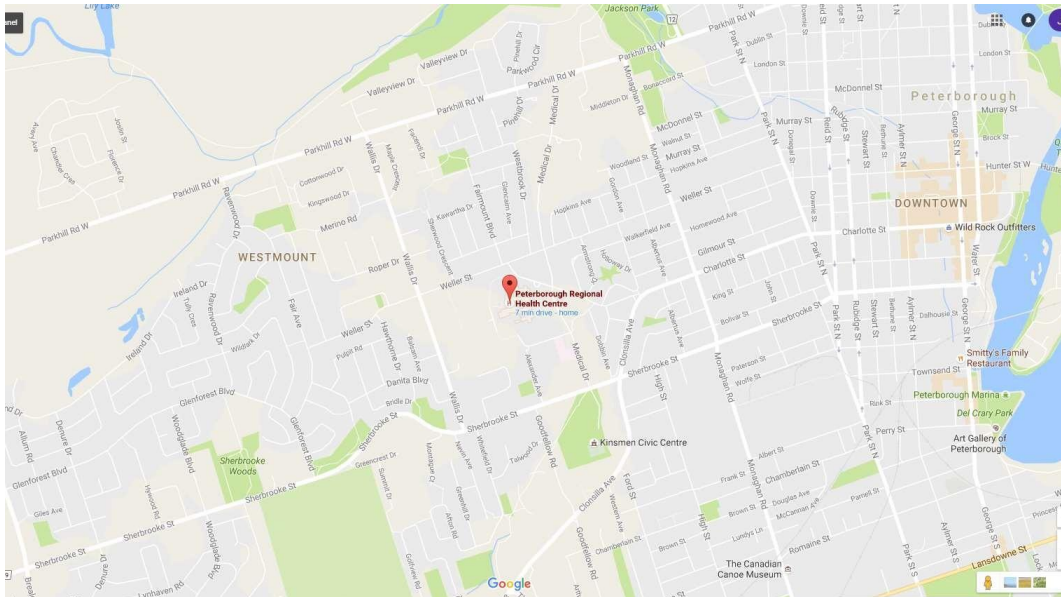

Respect

While this is racing it is all in the name of fun. Respect for the organizers and fellow racers must be maintained. Maintaining a level attitude and maintaining respect is a must. There is a Zero tolerance for poor attitude and behaviors while at these events. Immediate disqualification for the series will be given to those who can't do this.

MEDICAL / HOSPITALS:

PRHC is the closest hospital for all events. All medical issues are to be reported to an event leader immediately. The EAP (Emergency Action Plan) will be available on site at the timing tent.
